Hopedale Nurseries

J. W. GRIESEMER, Prop.

HOPEDALE, ILLINOIS

Members American Nurserymen's Association, Illinois State Nurserymen and Illinois State Horticultural Society.

We are still using our old Descriptive Catalogue. Splendid descriptions and information. Of course the few prices in it are not valid now. If you have misplaced your copy, send for another.

Hopedale is 23 miles West of Bloomington, on the Kansas City Branch of the C. & A. R. R., 25 miles southeast of Peoria, 2½ miles west of Mindale on I. T. S.

Our office, packing shed and one of our storage cellars are located on the west side of the road leaving town to the north (toward Peoria and Pekin), last place in the village limits. Main nursery 1½ miles northwest of town. Several small nurseries about town.

TERMS—Cash or satisfactory reference from unknown customers. Ten days to customers with credit established. Where longer time is taken, 6 per cent interest from date of sale. Prefer payment by check. It gives us each a record of the transaction. Cash sent in envelopes at your risk. Stamps taken for fractional part of dollar, if more convenient.

Six of a sort at 10 rates; 50 at 100 rates; 500 at 1,000 rates.

If large lots of stock are wanted, send list of your wants, giving grade and amount of each sort. We will quote net rates promptly.

Stock packed and delivered to carriers free at prices named, except large trees. Trees above three inches in diameter are net and packing would be added. Large trees are packed in car lots, on truck or hay rack free. Baling large trees is very expensive to make them safe to handle, as the carriers handle them. If you want trees over three inches baled, ask for prices so packed. Evergreens three feet and up are quoted dug with solid ball, burlapped on. If wanted boxed too, or roots boxed, we charge for this at cost, in addition to quoted prices.

GUARANTEE—We guarantee our stock to be in good, vital condition on leaving us, packed to reach destination safely, without undue delay or treatment. All stock not received in good condition should be reported to us at once. We want to correct any mistake made by us, or see to it that you get fair treatment from carriers. Don't wait weeks, or months and then tell us that stock was bad when received. Too much may go wrong with stock in the meantime. We do not guarantee stock to grow. We have no control over it after leaving our hands. To do this is neither fair to buyer or seller.

Both Nurserymen's Associations are expelling members for shady deals with other nurserymen or their customers. You are pretty safe to buy of a member. We do not hesitate to trust other members for many hundreds of dollars and have never lost an account on a member. Membership is YOUR protection as well as ours.

SPECIAL QUOTATIONS on large lots.

OTHER PLANTS—We can and do supply almost any plant that grows, if it is on the markets. If we do not list what you want, ask for prices on it. Likely we can save you money and time on it. Also Tree Seeds and Native Plants. If interested in last, send for our "LIST OF CHOICE WILD PLANTS."

Fruit Department

Most of our trees are listed by diameter (caliper) just above the swell near the ground. Shrubs and small stock are listed by height or age. Where both diameter and height are named, height is estimated and diameter is correct.

Ornamental Department

Some people still seem to think that ornamentals are an unnecessary expense. They are not! On the contrary, nothing will add as much, for the money spent, to the comfort, pleasure, health and value of the home as they do.

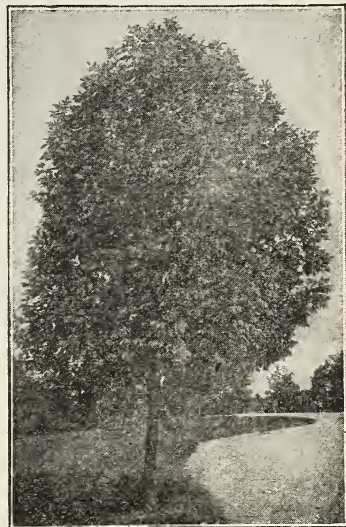

Without ornamental planting, the home is simply a house. With shade for comfort and beauty, screens to plant out bare or unsightly things, it at once becomes a real home. There are vines to make shade, to cover walls, towers, hide piles of old junk, or make a think of beauty of some old dying tree, to screen in open entrances, cover trellises, pergola or produce fruit. Shrubs to hide bare foundations, hedge in the lawn with a sense of privacy, screen out sheds, barns or other unsightly things, produce a wealth of flowers, beautiful foliage, summer color effects, winter coloring when nature

is drab and colorless, shrubs for fruit and other purposes. There are formal things as the weeping trees, the umbrella trees, the pyramidal form and so on in great variety. What do you

need? Will you neglect it for another year? It is so easy to "let it go." You are the loser. Do it now! We will be glad to help you, outside of the packing season, either here, or visit your place to look it over Moderate charge for the last. In packing season we are too busy to spare the time, or to do you justice. Plan early. Make your house a home. Don't wait till your children get dissatisfied and want to leave home. Do it now.

Birch

American Ash

PACKED FREE on trees up to 3 inches in diameter. Trees over 3 inches are for trees here, loaded in car lots, truck or hayrack. Baling the large trees to travel safely is a very expensive piece of work. If you must have them so, ask for packed prices, stating what else is to go with them.

We supply many items not listed. Let us quote on your wants.

ORNAMENTAL TREES

LINDEN, American—2 in., \$1.25; 3 in., \$2.50; 4 in., \$4.00; 5 in., \$5.50; 6 in., \$10.00; 7 in., \$15.00. We have both the Red Twigged (Southern type) and Gray (Northern type).

LOCUST, Black—4 to 5 ft., 20c; 5 to 6 ft., 35c; 6 to 8 ft., 50c; 8 to 10 ft., 75c.

LOCUST, Honey—1½ in., \$1.00; 2 in., \$1.75; 3 in., \$3.00.

MAPLES—We have 10,000 of these in four sorts. Car lots in Silver. Acer Schwedlerii—The Blood Leaved Norways are almost off the market. We have 50 of them, 3 to 4 ft. whips, splendid trees, real red foliage when they come out in the Spring at \$2.00 each..

MAPLES, Norway—4 to 5 ft., straight whips, 80c; 10 for \$7.50. We also have a block of these, splendid, thrifty trees, but not real straight. Trees 4 in. up to 8 in. diameter are pretty fair trees. We prefer that you look these over before buying them. Norways are very much in demand and these are a good buy.

MAPLES, Red—6 to 8 ft., Tr. \$1.00; 8 to 10 ft., \$1.50; 1½ in., \$2.50; 1¾ in., \$3.00.

MAPLE, Silver—6 to 8 ft., 50c; 8 to 10 ft., \$1.00; 1½ in. diameter, \$1.20; 2 in., \$2.00; 2½ in., \$2.50; 3 in., \$3.00. Baled at these prices. Following not baled: 4 in., \$3.50; 5 in., \$5.50; 6 in., \$7.50.

WILLOW, Wisconsin Weeping—6 to 7 ft., 75c; 7 to 10 ft., \$1.00; 10 to 12 ft., \$1.30.

Ask for quantity prices in any sort. We can supply any tree grown by the trade and many not listed, through collectors, if we have your order in time. In fact, given time, we can do almost any plant that grows.

Trees over 3 in. diameter are not baled at these prices.

Hard Maple

Deciduous Shrubs

In the past, shrubs played a very small part in plantings, excepting a few common sorts, such as Snowballs, Flowering Almond, etc. We are waking up to the fact that for foundation work, corners, division lines and screens they play a very important part. Sales of shrubs increase by leaps and bounds as people become acquainted with their possibility. There is a shrub for every location.

The right shrub in the right place brings a great pleasure.

Our Descriptive Catalogue describes most of the sorts listed.

ACACIA, Moss Locust—2 to 3 ft., 25c; 3 to 4 ft., 40c; 4 to 5 ft., 50c.

ROSES

HYBRID PERPETUAL—This class is hardy in our climate, blooms all Summer more or less constantly. Some very free, others very beautiful, but less free bloomers. Each, \$1.00; 10 for \$8.00.

SORTS—Frau Karl Druschki (White), General Jacqueminot (Red), General Washington (Bright Red), Paul Neyron (Pink), Sto'd de O'er (Tango). Others supplied.

HYBRID TEA—These are profuse bloomers all Summer, except perhaps through the hottest of weather, when buds are sometimes burned. Not so hardy as above and always kill back. If not killed, should be cut back to a few inches of the ground to induce growth of new wood, as bloom comes from new growth. Better for Winter protection. Plants are smaller than 2 yr. of the H. P. 2 yr. No. 1 stock \$1.00; 10 for \$8.50.

SORTS—Etoile de Lyons (Yellow), Gruss an Tiplitz (Red), Kaiserina A. V. (White), La France (Pink).

CLIMBERS—This class is perfectly hardy, but blooms but once a year. Each 50c; 10 for \$4.50.

SORTS—Baltimore Belle (White or Flesh), Crimson Rambler, Dr. Van Fleet (Pink), Dorothy Perkins (Pink), Excelsia (Crimson), Setigera or "Illinois Rose" (Single), Seven Sisters (Pink-Rose), White Rambler, Yellow Rambler and Pink Rambler, Flowers of Fairfield (Dark Pink).

WYCHUBIANA, or Jap Rose—Assorted colors—Each 75c; 10 for \$7.00.

MOSS ROSES—White, Red and Pink—50c each; 10 for \$4.00.

NATIVE ROSES, HUMILIS—Dwarf Prairie Rose. Single Pink, blooms over long time and has a wealth of Red Berries; R. blanda, tall with red smooth stems through the Winter; Single Pink bloom, followed with wealth of Red Berries; Rosa lucida, same as above, excepting slightly armed with thorns. Rosa nitida, Med. Dwarf free bloomer and fruiter; Cinnamon Rose. Either 1 yr., 15c; 10 for \$1.00; 2 yr., 25c; 10 for \$2.00; 3 yr., 40c; 10 for \$3.00. Extra heavy clumps of blanda or lucida, 60c; 10 for \$5.00.

We can supply others in either class, if ordered in time to get them here.

VINES

Vines may be had for many purposes: Porch covers, pillar, wall covering, to cover dying trees and make them beautiful. Bell, telephone or other poles, tanks, rubbish heaps and fences may be made things of beauty instead of an "eyesore."

Spraying Material

Buy nothing but the best. The cost of putting it on is far the greatest element in spraying. More people look to us each season for this material. Last year we sold over 1,000 gallons Scalecide alone. 200 gallons other liquid materials and over a ton of dry materials. We handle only the BEST. This brings more satisfied customers. Buying in immense quantities, coupled with the fact that most of it is delivered to customers right here, enables us to sell the best at a very moderate price.

SCALECIDE—The complete dormant spray. If not familiar with this popular, efficient and profitable dormant spray, ask for pamphlets. Used as a delayed dormant spray, controls Scale, Aphid, Brown Spider, Fungous diseases. By adding arsenate of lead, the first crop of Curculio; in fact the only time that spraying does much good for this pest.

NICOTINE SULPHIDE: "Black Leaf No. 40". This is a very concentrated form of Tobacco, very poisonous undiluted. Perfectly safe when diluted. Very best contact poison for lice, and soft bodied vermin. Dilute 1 to 800 parts of water. It is a plant product and there is no danger of injuring plants, even though 2 or 3 times that strong. 10 lbs. or 1 gallon makes 800 gallons spray. 1 lb. makes 80 gallons. 1 teaspoonful to 1 gallon water.

Bring bottles: 1 lb. at \$1.75; 1/2 lb. for \$1.00; 10 lb. tin, \$15.00.

SULPHOCIDE—This is a new, very powerful spray for controlling Blotch and other fungous troubles. Dilute 1 gallon to 200 gallons water. It sells for \$2.25 per gallon. Much better than Lime-Sulphur for summer sprays and very inexpensive. We think it is better than Bordeaux for controlling Apple Blotch, the Apple Scab Fungous. DON'T use it for dormant spray. Not a remedy for Scale. Comes in gallon cans.

ARSENATE OF LEAD powder: 1/2 lb. boxes, 20c; 1 lb., boxes or cans, 35c; 4 lb. bags, \$1.20; 25 lb., bags at 26c lb. Larger lots quoted on request. For general spraying, use 1 1/4 to 1 1/2 lbs. to 50 gallons water. 2 lbs for potatoes. Mix with water to consistency of cream—then pour in barrel and fill with water.

BORDEAUX MIXTURE Powder: For mould and other fungous troubles. Use 6 to 8 lbs. (mixed as stated for Ar. of Lead) to 50 gallons water.

1 lb box	30c
4 lb box or bag	25c lb.
25 lb. bag	23c lb.

CAL-ARSENATE—This is similar to Arsenate of Lead, but only requires 1 lb. to 50 gallons water. May be used alone with Sulphocide, or arsenate of lead and Kayso may be used, if preferred. 4 lb., bags for \$1.20.

KAYSO SPRAY SPREADER—Used with all Summer sprays to cause it to spread over leaves evenly and not leave fruits spotted. Use 8 to 12 oz., for 100 gallons water. Mix like Arsenate of Lead. 1 lb for 30c; 10 lbs., for \$2.75.

PARADICHOLOMBENZENE (Paracide) 1 lb. 35c. 10 lbs for \$3.00. Large lots priced.

SULPHO TOBACCO SOAP—Excellent for window gardens and ROSES. Booklet with each purchase. 1/2 oz., to 1 gallon water. 3 oz., cake, 10c; 8 oz., cake, 20c; 1 lb., for \$3.00.
